

## LARGE HOMES. LARGE YARDS.

You asked for bigger homes. You asked for larger homesites. The time has come. One of our masterful Midtown homebuilders, Homes By Dickerson, has just introduced four new home plans that are even more spacious inside and outside. Think 10-foot ceilings throughout the main level, hardwood floors throughout the primary suite and a screened porch...included. And each one of these homes will have a homesite large enough to accommodate a swimming pool, oversized gardens or a big grassy lawn.
